

# Christ the Light of the World International

Then Jesus spoke to them again, saying, "I am the Light of the world. He who follows me shall not walk in darkness, but have the light of life."  
John 8:12

**March, 2008**

Updates from Ecuador:

Due to the tremendous rainfall in Ecuador there is so much happening and not happening there. The rain in this year has been more than they have had for this time of year in a century. It looks very dim for these people, and they need your prayers. They have lost almost all exports, such as coffee, bananas, rice, and coco beans. Here is a picture of what the water was like behind the church in the city of Santa Elena.

The city put some ditches around the ends of the properties and the water drained off. We really thank the city for that. Now this is just a small part of the disaster that the people in Ecuador are facing. They really need all of our prayers and if any of you would like to help these people in the church it would really be a blessing to them. As you can see there are not too many smiles. These children need a miracle and you and your prayers can help.

Remember to pray for them every day. Yolanda and I thank you all for your prayers and your faithfulness to help and doing whatever it takes to expand God's Kingdom.
